BREWTAG | 2025 SPONSORSHIP OPPORTUNITIES

WHAT IS BREWTAG?

Outer Banks Brewtag is a festival of fun and flight, offering education, recreation, culture, and community. Brewtag is a glider-building competition where teams build creative and fun gliders that are used to launch an empty 1/6 barrel keg off of a 20-foot high flight deck.

HOW FAR CAN YOU FLY?

- Glider Flight contest—how far people can fly an empty 1/6 keg
- Music festival
- Craft beer festival
- Fun time for everyone!
- Fundraiser
- Supports educational opportunities involving aerodynamics and low-speed aerodynamics
- Draws visitors to the Outer Banks to contribute to our economy and extend the “season” for many local businesses

BREWTAG | 2025 SPONSORSHIP OPPORTUNITIES

THE ROGALLO FOUNDATION

In 1948, Francis and Gertrude Rogallo enjoyed the first successful flight of their flexible wing, a revolutionary aero concept that was constructed from Gertrude's kitchen curtains and developed from research conducted in their in-house, homemade wind tunnel. This remarkable invention was a flexible wing with no rigid members that creates an airfoil shape when flying and generates lift similar to a rigid airfoil. This incredible invention led to hang gliders, paragliders, kites, stunt kites, kiteboarding kites, and revolutionized parachutes. From the Rogallo invention, millions of people around the world have experienced the joy of flight.

The Rogallo Foundation was created in 1992 and its mission is to honor the Rogallo's; preserve their priceless records, artifacts, and research; interpret their incredible story; and protect this legacy of free flight for millions of people in all the Nations of the world.

PROGRAMS:

OUTER BANKS AVIATION CENTER • ROGALLO BOOK •
ANNUAL FLY-IN COLLECTIONS • ROGALLO HALL OF FAME

**PROCEEDS FROM OBX BREWTAG WILL HELP
BUILD THE ROGALLO AVIATION CENTER**

BREWTAG | 2025 SPONSORSHIP OPPORTUNITIES

THE OUTER BANKS AVIATION CENTER

- Advance Francis and Gertrude Rogallo's dream of accessible flight for all.
- Convey the story of the flexible wing through artifacts and exhibits and the latest technological tools to demonstrate the flexible wing and its evolution.
- Foster the next generation of aviators, designers with education opportunities.
- Honor the people who contributed to the evolution of the flexible wing by induction into the Rogallo Hall of Fame.
- Provide interactive experiences for visitors of all ages with associated science, technology, education, art and math opportunities for youth and adults, offered as day and week-long camps, literary efforts, technological tools and media.
